

Maritime ITS, Helsinki 2023

Digitalisation of maritime services and digital incubator

Maritime Connectivity platform Consortium

The title slide features a vibrant blue and purple background with a complex, glowing digital circuit pattern. The text "Digital Incubator" is centered in a large, white, serif font with a subtle drop shadow.

Digital Incubator

Intended Purpose

The overall purpose of ODI is as follows:

- Implement technical services based on mature draft specifications from various international organizations (most notably IALA, IHO)
- Conduct tests of said services
- Provide feedback to relevant international organizations (most notably IALA, IHO)
