

UDT
TECHNOLOGIES

Easier to build than a
road

Elevates urban living
just like elevators do
for buildings

- Cheap
- Fast
- Comfortable
- Sustainable
- Delivers in masses

No more problems in making the choice

A totally new dimension for city developers to improve accessibility

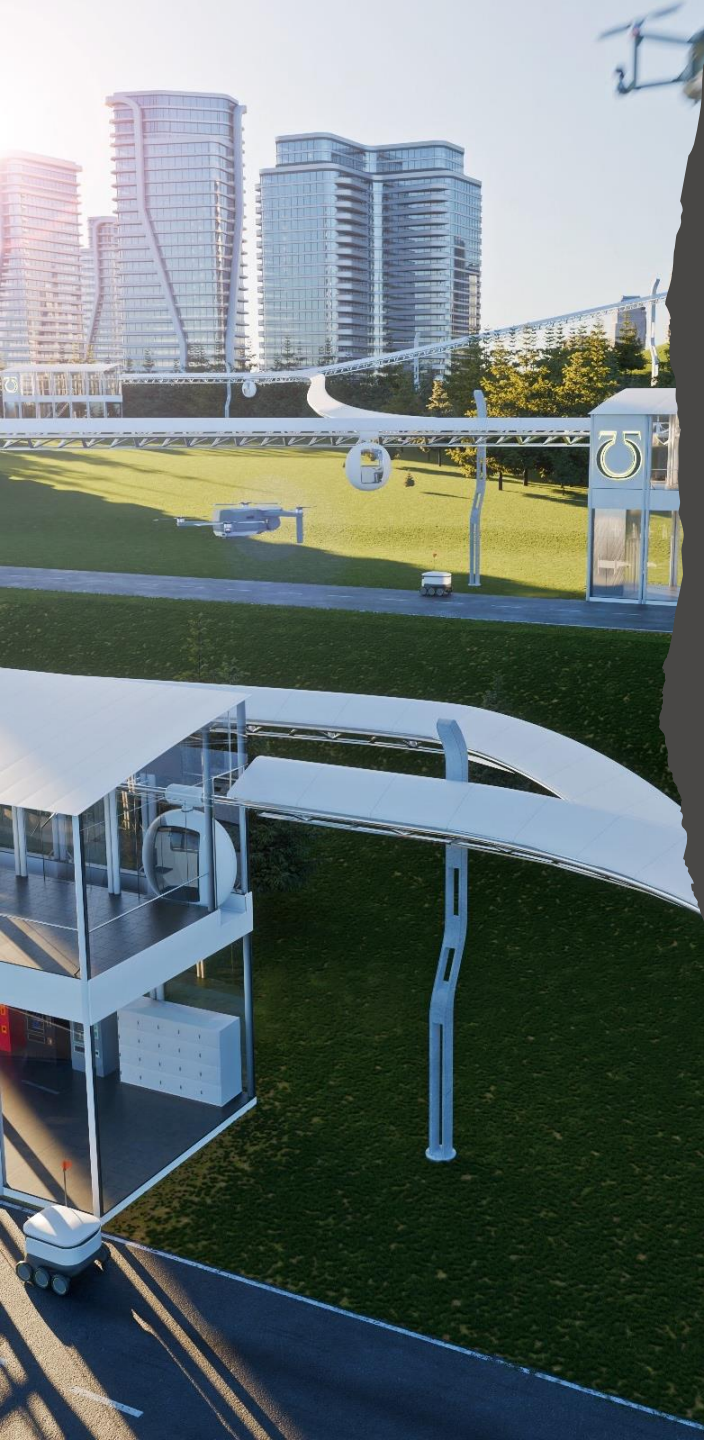

- Reduce pollution and congestion

6,000 Billion\$ market in city logistics

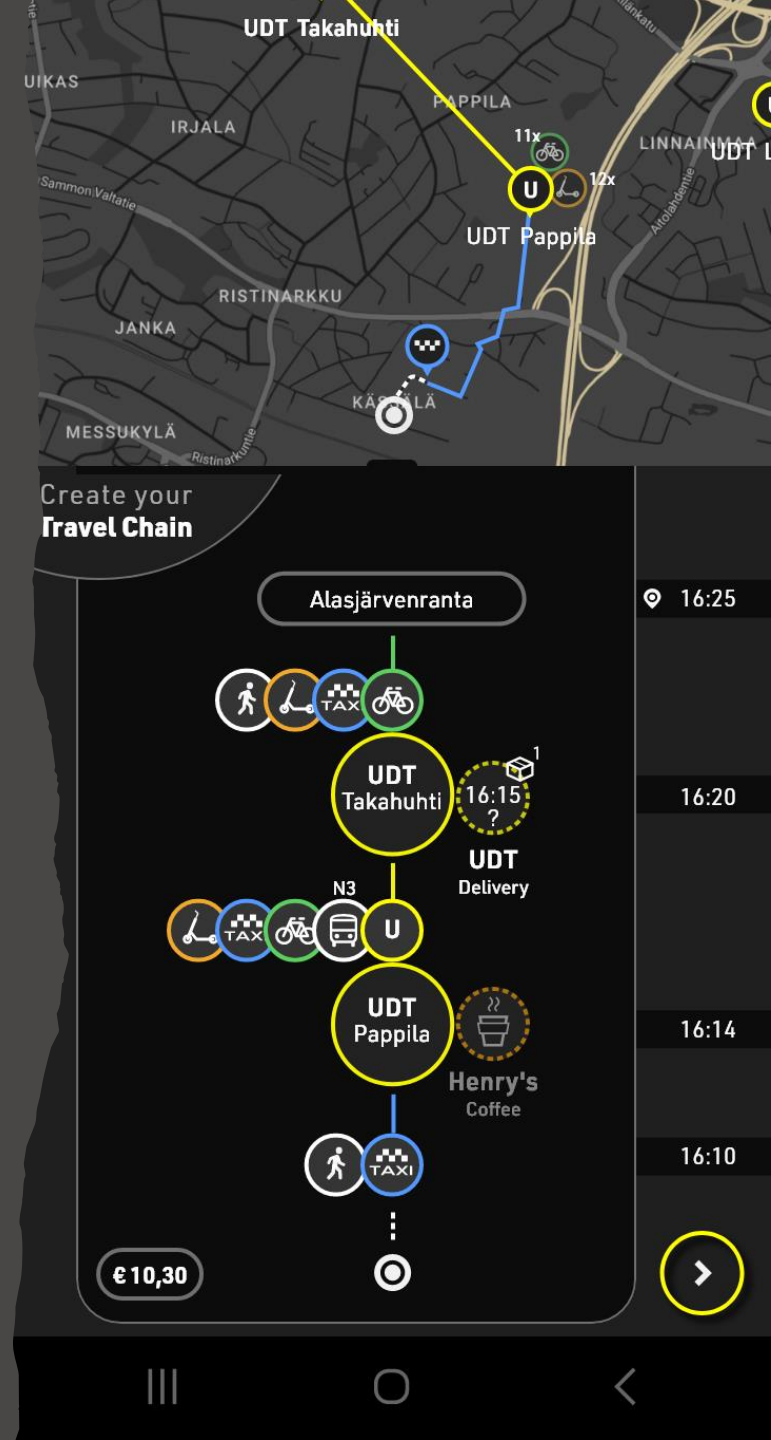

Urban Track is a
platform for
connecting
people to
deliveries and
services

Urban Track is a highly advanced service network

UDT Technologies

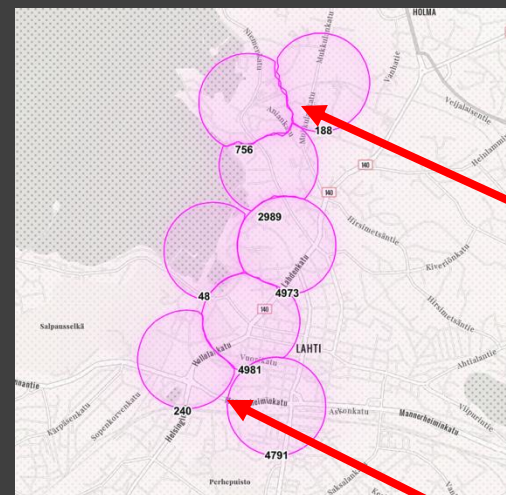

WHAT IS SO GREAT
JUST NOW?

Collaboration and growth agreement with City of LAHTI

Common desire to have services running 2029 at Skiing games

Connects the city attractions to travel hubs

UDT Technologies is looking

Construction and service partners

Financing partners for a highly
scalable service and technology
platform – Join the growing group

TOGETHER WE MAKE IT HAPPEN!

Thank you!
