

Nordic–Baltic Mobility Delegation Join the ITS European Congress 2026 in Istanbul

The Nordic+ delegation unites organizations from Finland, Sweden and Estonia, with a [six participants from Finland](#), two from Sweden and five from Estonia. The shared goal is to strengthen international cooperation, accelerate export and promote scalable, sustainable ITS solutions beyond the region.

As examples of the delegation's capabilities, three companies are highlighted:

- **Sitowise** (Finland), specializing in infrastructure planning, digital asset management, and resilient transport systems
- **Triplesign** (Sweden), focusing on smart traffic information and future-ready road information systems
- **Spinn** (Estonia), demonstrating strengths in agile development and digitally driven mobility solutions

In addition to these highlighted organizations, congress participants will have the opportunity to meet several other companies and stakeholders from the Nordic–Baltic delegation during the event.

Come and meet the Nordic–Baltic Mobility Delegation in Finnish Reception

The delegation can be met at the ERTICO ITS European Pavilion, Booth F12, under the Nordic+ logo. A Finnish reception will be held on Monday, 27 April, from 15:00 to 16:00 at the ERTICO stand. The reception will be attended by the Ambassador of Finland to Türkiye Ms. Pirkko Hämäläinen and Under-Secretary of State Mr. Jarno Syrjälä.
