# CGI in Transportation

Kristoffer Vasara  
October 2026

# Building what's next

For 50 years, we've combined human ingenuity with the power of technology to help our clients achieve meaningful outcomes. To all those with whom we've had the privilege of collaborating: **thank you.**

The role of technology in shaping a better world has never been more powerful—or more human. And, for us, this is only the beginning.
